Cast iron plates

Lunaway's fireplace plates are not only a valuable ornament, but they also add life to the fireplace thanks to the prestigious qualities of cast iron, which stores and reflects heat for a long time even after the fire has been extinguished.

In order to make the most of the heat of your fireplace, we recommend covering it entirely in cast iron. This will protect both the firebox area, preventing the interior from crumbling, and the walls, which will no longer absorb dispersed heat.

As a rule, the suggested height is at least 50 cm, enough to cover the open flame, but if the fireplace allows it, it is advisable to install higher front plates so as to better recover the heat, including that of the fumes, and to completely cover the masonry or refractory part for an optimal aesthetic result.

GUARANTEE OF DURABILITY

Cast iron plates have a very long life. We can still find original 18th century plates in some buildings of that era.

It is a matter of following a few simple precautions.

- + Install with expansion in mind.
- + Avoid putting out the fire with water.
- + At the end of each season, remove ash deposits with an iron brush.

TIP

For an excellent result, the cast iron plates can be treated with a special, heat-resistant (up to 600°C), highly protective, cast-iron-coloured lamellar paint, which gives them a clean, original appearance.

GRAPIN / CAST IRON

GRASTAR / CAST IRON

GRALILY / CAST IRON

GRA / GALVANISED STEEL

Fixing

For correct installation, it is recommended that the base be fitted first and then the gables and side panels. The base does not need to be fixed, its own weight is sufficient. However, it must be placed flat and, if necessary, a bed of sand should be placed on it, which will help to level it and enhance the heat refraction properties of the cast iron.

EXAMPLE 1

If we want to use **GRAPIN** or **GRASTAR**, we must first drill holes in the top of the plate with a diameter 11 iron drill bit (or request drilling when ordering), then insert the brackets and clamp the plate. If you want to install plates with a negative inclination, holes must be drilled in all 4 corners.

EXAMPLE 2

The plates can be fixed in different ways. With **GRA** or **GRALILY** clamps we will position the plates slightly inclined and after having made the holes in the refractory, we will insert the clamps and clamp the plate leaving a tolerance of a few millimetres for expansion. The hole for **GRA** and **GRALILY** must be made 1 cm above the upper side of the slab and 5 cm inside with respect to the external side.

FIXING CLAMPS

ART.	DIMENSIONS	Kg	€
GRAPIN	2 x 10 x 2 h cm	0,10	8,50
GRASTAR	5 x 10 x 5 h cm	0,20	8,50

ART.	DIMENSIONS	Kg	€
GRALILY	3 x 10 x 3,5 h cm	0,10	8,50
GRA	3 x 8,3 x 2,5 h cm	0,20	6,00

* the prices shown here are excluding VAT

The price is per pair.

CAST IRON PLATES DRILLING

ART.	DESCRIPTION	€
DRILL	PAIR OF HOLES FOR GRAPIN O GRASTAR	13,00

Hole diameter: 11mm

It is possible to drill holes in cast iron with a standard drill and a steel drill bit. The diameter of the hole must be 11 mm in order to allow for expansion during use of the fireplace. The 2 holes will be positioned 5 cm from the upper edge and 5 cm from the outer edge.

As in example 2, if GRA and GRALILY are used, the plate will not be pierced but only the refractory will be pierced.

Hole diameter: 11mm

* the prices shown here are excluding VAT

EXAMPLE 1

EXAMPLE 2

Alternatively, the plates can be inserted into fireplaces with the **FEET** cast iron supports, which do not require any fixing.

Customised smooth plates

Smooth sheets are ideal for covering the walls of the fireplace as well as for the base. We have more than 30 different sizes of smooth plates available, but if you need different sizes, you can request them to be cut or shaped to size.

Any type of shape and size is possible (up to a maximum of 120 x 140 cm).

To do this, a plate with greater dimensions than those to be obtained must be identified and all the internal dimensions of the sides must be indicated in detail. If it is a shaped cut, it is advisable to send a drawing or sketch and if the hole for the grate and ash collection tray is also requested, the correct position must be indicated.

INSTALLATION EXAMPLE OF
EDGE PLATES, VERTICALLY
ARRANGED

CAST IRON FIRE FURNITURE

Edge

The Edge series plates are ideal for embellishing the walls of fireplaces thanks to their special design, which allows them to be installed both vertically and horizontally as well as on the front and back, according to preference.

In addition, the special surface is designed to increase the radiating surface and resistance compared to traditional smooth plates.

DECORATED PLATES

Customised decorated plates

It is possible to insert on a smooth slab the decorations you have seen on the previous pages starting from the minimum indicated size.

Example: Figure A, plate model FO 027 (Putti) has a minimum size of 80 x 80 cm; if we want to create a front plate with dimensions 100 x 100 we will use a LL100100 which we will cut to size. The decorated plate will be positioned in the centre, unless otherwise requested, and will be fixed by screws from the rear.

NB: For this type of request, it is advisable to contact our technical sales department who will help you find the best solution for you.

FIG. A

Customised productions

It is also possible to make customised molds with coats of arms, rosettes, dates and names by requesting the modelling. Our craftsmen can faithfully copy drawings or bas-reliefs, and the mould can be used not only for fireplace plates but for all needs (see example on next page).

General terms and conditions of sale

COMPANY INFO

CAST SRL

VIA GIULIO CESARE, 71 | 00192 ROMA

P.IVA 02271260560 | fv-cast@pec.it

ORDERS

For orders made by e-mail, telephone, fax and regular mail the sales department of Lunaway will send a sales confirmation with all contractual conditions.

In this case, the order will be processed only after receiving the sales confirmation signed for acceptance by the customer. For orders placed via the website lunaway-fireplace.com the order will be processed without further confirmation.

PAYMENTS

Payments shall be made in the manner and within the terms laid down in the order or sales confirmation. Any delays in the agreed terms shall entail the charging of interest at the legal rate in force at the time of charging plus 3 points.

Below are our main payment methods:

BANK TRANSFER CAST SRL:

Deutsche Bank S.P.A. (Viterbo)

IT27S0310414500000000822126

SWIFT : DEUTITM1810

Reason for payment: enter the surname of the purchaser. Shipping will take place when the money is credited to the bank or after sending the CRO which can be attached to the e-mail: info@lunaway.it

CREDIT CARD OR PAYPAL:

Via the website www.paypal.it by sending the money to info@lunaway.it | Reason for payment: put the surname and order reference

PRICES

List prices are net of VAT and refer to standard items.

WARRANTIES

The goods are guaranteed in terms of quality and method of construction of the materials used.

Any construction defects give to purchaser the right to replace the article or part of it free of charge. The right to replacement extends to cases where the article is damaged during transport, provided that such damage is declared to the carrier upon delivery of the goods and is noted on the delivery note.

RIGHTS OF Cast s.r.l.

Cast s.r.l. reserves the right to make changes to the construction, measurements and weight of the items indicated in its catalogues and sales lists without prior notice.

JURISDICTION

Any dispute arising from the sale and purchase relationship shall be settled by the Court of Viterbo.

PRODUCT DISPOSAL

All the products in the catalogue are made of cast iron and steel, sustainable metals because they can be recycled an unlimited number of times, with considerable savings in raw materials and energy.

The foundry, in fact, allows metal products to be reused at the end of their life, returning them to their original state. A perfect example of a circular economy.

PACKAGING

The cost of standard packaging is included in to the price. Standard packaging means packaging that provides adequate protection for the goods.

SHIPPING

We ship to all European countries and the costs are updated on our website with reference to the place of destination.

The cost is calculated according to weight (maximum cost 4.00€/kg). The goods will be delivered by courier and unloading will only take place on the ground floor and not on upper floors. Except for unforeseen circumstances of the courier, the delivery of the goods will take place within 2 working days from the date of shipment for deliveries in Italy and 6 working days for deliveries in Europe.

RETURNS AND REFUNDS

If for some reason you are not satisfied with your purchase, you can return one or more products purchased within and no later than 14 days from the date of delivery.

Return shipping costs in Italy are free of charge from the moment the Lunaway staff authorises the return, the products must be delivered to the authorised courier within and no later than 14 days.

Refunds will be made after we have received and verified the integrity of the product and will be made using the same method of payment. Cast s.r.l. reserves the right to refuse returns if communicated, sent or dispatched after days or if the products are not intact. All items are checked before shipping.

Items returned with damage, or any obvious changes, will be rejected and sent back to the customer, who will be charged the normal shipping costs (cash on delivery payment). If you receive defective or faulty goods, please

email info@lunaway.it immediately. Replacement of an item of the same model and size is possible subject to availability in our warehouse, with free shipping. If the item cannot be replaced, normal refund procedures will be initiated.

To make a return, first of all write an e-mail to info@lunaway.it indicating the reference number of the delivery note or invoice, the article code, the date the order was received and the reasons for the return. Once we have checked that the causes conform to our conditions of sale, you will receive an e-mail with instructions on how to contact the courier to deliver the goods, which must be done no later than 14 days from the date of authorisation of the return.

The PDF label will be sent Your later, which you should print out on a normal sheet of paper and stick onto the package (also with tape). We recommend that you keep the original packaging. This can be reused (if intact) by simply replacing the label. It is not necessary to return an entire order, but only a part of it.

A romantic scene featuring a man and a woman in silhouette, facing each other and looking towards a bright, glowing fireplace. The room is dimly lit, with warm light emanating from the fire. String lights are visible in the upper part of the frame. The background wall appears to be made of wood.
